

AIDING AT-RISK COMMUNITY MEMBERS

Community threat or risk?	What groups are most vulnerable?	Where are they located?	Why would they need extra help?	What resources will they need?
<i>Example:</i> Heat wave	<i>Example:</i> The elderly	<i>Example:</i> Multiple locations throughout the community, but concentrated in assisted living centers	<i>Example:</i> Vulnerability to heat-related illnesses and lacking independent mobility to assist themselves	<i>Example:</i> Cooling center, running water, mobility support
